PETITIONING THE COURT

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 9/3/2021.

The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

4

Special Condition #3: You shall abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: The offender is alleged to have violated special condition number 3, by ingesting a controlled substance, methamphetamine, on or about September 3, 2021.

On January 31, 2019, the offender's conditions were reviewed and she signed said conditions acknowledging an understanding of her requirements. Specifically, she was made aware by the U.S. probation officer that she must abstain from the use of illegal controlled substances.

On September 3, 2021, Ms. Klang submitted a urine specimen at Pioneer Human Services that returned presumptive positive for methamphetamine. On that same date, Ms. Klang signed a denial form indicating she had not used the aforementioned illicit substance. The specimen was thereafter sent to Alere Toxicology and it was confirmed positive for methamphetamine on September 26, 2021.

The probation officer addressed the above-referenced positive drug test with the offender. She initially denied use of methamphetamine, but later admitted to unintentionally ingesting said substance the weekend prior to the urine specimen collection.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
